REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The instant invention claims a powdered metal composite material comprising at least two oxides encapsulating powdered metal particles wherein two oxides form at least one common phase, and a method to obtain such powdered metal composite material.

The closest prior art references that relate to the claimed invention are Asada'743, '165 and EP'284. The closest prior art references teach that it is known in the art to produce powdered metal composite materials. However, the prior art does not teach or suggest the instant invention having the claimed composition and the claimed structure. Also, the claimed method is not disclosed in the prior art. .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to leszek b kiliman whose telephone number is 703-308-2373. The examiner can normally be reached on M-T, 6.30-5.00.
